ENGLISH IMMERSION EDUCATION

DIVERSE ENGLISH ENVIRONMENT

Our teachers come from many different countries (as of December 2024, from 7 countries: USA, New Zealand, Scotland, Norway, Brazil, Sri Lanka, Philippines). By learning with teachers from various backgrounds, students cultivate a global perspective and an appreciation for diversity. Daily English immersion helps students adjust smoothly to school life.

A JAPANESE LANGUAGE LEARNING ENVIRONMENT

Children living in Japan will have the opportunity to learn Japanese in a natural environment, as they will be learning alongside Japanese students, both in English and in Japanese.

INTERNATIONAL BACCALAUREATE PYP EDUCATION

EXPLORE AND LEARN AT AN IB WORLD SCHOOL!

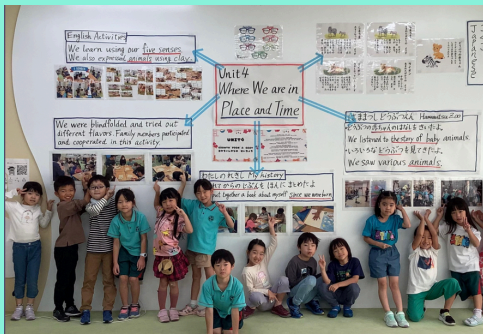

Our school is proud to offer the International Baccalaureate (IB) Primary Years Programme (PYP). With a strong focus on inquiry-based learning, we aim to cultivate well-rounded individuals who are eager lifelong learners. This approach is difficult to achieve through online learning. Through our PYP curriculum, students develop critical thinking, problem-solving, and communication skills while exploring real-world issues.

The IB program is recognized in over 160 countries, providing our graduates with a solid foundation for success in higher education and global citizenship.
